Dear Parents/Guardians,

Providing your child with a high-quality educational experience in a safe, nurturing environment is the goal of the Board of Education and staff of Timberlake Schools. We invite you to share this responsibility by monitoring your child's academic progress and gaining a clear understanding of the standards we have for our students – standards that are vital to advancing the learning process.

This handbook has been written to provide important information concerning specific expectations, rules, policies, and procedures related to the safety and operation of our schools. In order for schools to operate safely and efficiently, you and your student(s) must be familiar with and abide by the expectations, procedures and rules outlined in this handbook.

The student handbook summarizes district policy and contains general guidelines and information. Please refer to the official policy and regulation documents for specific information. This handbook's content may be changed from time to time throughout the 2019-20 school year. An up-to-date version will be maintained on our webpage. If you have any questions regarding this handbook, please contact your student's building principal.

Elementary Principal

PARENTAL INVOLVEMENT

Timberlake Public Schools encourages parental involvement in the educational process. The school and home have a shared goal of promoting success in our children. Our parents will be encouraged to act as advisors, resources persons, and coordinators in the following ways:

- attend school events and serve as advisors
- use talents/resources to enhance the instructional programs
- be school supporters and advocates
- respond to memos, surveys, and questionnaires expressing ideas and concerns The administrators will provide a school improvement plan which will include means through which parents can participate in the education of their child(ren).

ILLNESS

Students who become ill during the day should go to the nurse's office, where parents will be notified, and absence cleared. Students will be sent home if fever is greater than 100, vomiting, and/or diarrhea. Students may return to school when they are fever/vomiting/diarrhea free for 24 hours without medication.

ATTENDANCE

A. The Timberlake Public School District believes that in order for students to realize their fullest potential from educational efforts, they should attend all classes if possible. Realizing that some absences may be beyond the students control, the board has adopted a policy requiring students to have no more than 8 absences per semester to earn credit for any course in which the students is enrolled. Exceptions to this requirement will be considered by the attendance review committee on an individual, case by case basis. **"Excused"** absences are only in regards to making up school work. The following is a list of possible "excused" absences.

Absence should only be taken for the following reasons:

- Illness of the student or immediate family member;
- Family emergencies;
- Death of an immediate family member;
- Medical appointments with written documentation;
- Legal matters;
- Travel to and from and observation of holidays required by student's religious affiliation;
- Extenuating circumstances
- Any absence discussed with and approved by administration

It is the responsibility of the parent to notify the school between 8:00 a.m. and 9:00 a.m. if the child is to be absent that day. Parents are required to contact the school and provide documentation regarding illnesses, court appearances, first attempts for driver's license, family emergencies or other reasons for student absence. The office will file Doctor's notes and/or verification notes. **The school will do everything possible to notify parents when a child has missed three, six, and eight days in a given class with a warning of the possible failure of a class for excessive absences.** The student must make up all work missed. The teacher will allow one day per day absent from school to make up all work. It is the responsibility of the student, on the day of return, to make arrangements to see that the work is made up.

- B. Upon reentry to school, each student will bring a note signed by the parent/ guardian explaining the reason for the absence. JH/HS Only: This note must be approved by the principal, who will issue an absentee form which must be signed by the teacher of each class missed and returned to the office at the end of the day.
- C. JH/HS Only: A student will not be admitted to class without first receiving an absentee slip.
- D. Continuing absences will be referred to the Alfalfa County District Attorney's Office.
- E. Students must be in school attendance at least ½ day (Elem) or 4 of 8 (including Academic Achievement) class periods (Jr/Sr High) to participate in extracurricular activities that day.

Tardies:

JH/HS

- 1. A student is tardy who is not in the classroom when the bell rings to begin the period.
- 2. A student who is more than 10 minutes late is counted absent for the period.
- 3. Each three unexcused tardies will constitute an unexcused absence for that class.
Discipline for tardies will be handled in the following manner.
1st Tardy - Teacher Warning
2nd Tardy - 1 day lunch detention - 10 minutes
3rd Tardy - 1st unexcused absence - 3 days lunch detention
4th Tardy - 5 days lunch detention
All tardies beyond 4 will result in 5 days lunch detention.

Elementary

- 1. A student is tardy who is not with their class by 8:05 am.
- 2. A student who arrives at school after 9:00 am will be considered absent for the AM session (Half day).
- 3. Each three tardies will constitute an unexcused absence.

ACTIVITY ABSENCE POLICY

The Timberlake Board of Education recognizes the value of both the academic program and the extra-curricular activities for a balanced educational program for students. The Board further recognizes that consistent classroom attendance is vital to a well-developed instructional program and maximum academic achievement of each student. With this in mind the Board adopts the following policy governing student absences from regularly scheduled classes for activities.

- 1. At the regularly scheduled meeting of the Board of Education in June of each year, the Board shall appoint an Internal Activities Review Committee for the following academic year. This committee shall consist of one principal, a teacher from each level of academic program and a vocational teacher.
- 2. A student shall not, with certain exceptions, be allowed to miss any one class period more than ten (10) times per school year due to participation in extra-curricular activities. Exceptions to this policy are listed elsewhere in this policy statement. Activity sponsors will make every effort to schedule the event outside school hours.
- 3. Individual requests for deviations from this policy must be made in writing to the Internal Activities Review Committee. This Committee will make its recommendation to the Board of Education and it will make the final decision to allow or reject the request. Such request must be made to the Committee by the second Wednesday preceding the regular Board meeting so that a recommendation may be made by the Wednesday preceding the Board meeting. If an emergency arises, a meeting of the Committee and Board of Education may be held within the framework of the law governing emergency meetings of the Board. This would require the posting of a notice forty-eight (48) hours, excluding Saturday and Sunday, in advance of the meeting.

4. Activities excluded from this policy are as follows:
 - Assemblies
 - Field Trips
 - Career Day
 - Testing (State, National, or Local)
 - FCCLA State Convention
 - FFA State Convention
 - High School Quiz Bowl
 - Elimination Series sponsored by the OSSAA
 - Spring Stock Show (if right to continue is earned)
 - Academic Contests
 - Yearbook Picture Day
5. All activities not listed in number four are included in this policy.
6. Complaints concerning decisions based on this policy shall be made by a signed written statement filed with the Board of Education through the Superintendent. Such complaint will be heard at the next regular board meeting. To be on the Agenda for this meeting the complaint must be submitted to the Superintendent of Schools by Tuesday of the week preceding the meeting. Board meetings are normally held on the first Monday of every month.
7. If the request of a student for additional days of absence is denied by the Committee and/or Board of Education, and the student arbitrarily misses classes to participate in the activity, he/she shall be accredited with an unexcused absence and zeros entered in the class record for such absence.
8. The principal of each building shall maintain a record of activity absences by students.
9. A schedule of activities which requires students to miss class time shall be presented for review by the Board of Education and Superintendent at the August meeting of the Board. Any additions to this schedule must be submitted to the Superintendent of Schools by the end of each calendar month. These additions will be reviewed and acted on by the Board of Education at its next regularly scheduled meeting.

INCLEMENT WEATHER ACTIVITIES POLICY

It will be the policy of Timberlake Schools that when school is cancelled or let out due to inclement weather, activities, meetings, and mandatory practices for that day will also be cancelled. Exceptions will be made for qualifying events. A qualifying event is any event that a student has previously qualified for or must compete in in order to qualify for a future event. In the case of qualifying events, a decision will be made jointly by the sponsor/coach, principal, superintendent, and governing body. In the event that the weather improves throughout the day, practices can be held if they are approved by the principal and superintendent. Students who are unable to attend due to conditions should not have any adverse action taken against them.

WITHDRAWAL FROM SCHOOL

In order to withdraw from school, the student's parents/guardian must contact the school and the student must get a withdrawal sheet from the counselor's office (JH/HS) or the elementary office. Each teacher must sign the withdrawal slip and give an estimated grade. All fees and fines must be paid. No credit will be transferred until the student has legally withdrawn. The principal reserves the right to contact parents before official withdrawal is completed.

TRANSFER POLICY

An emergency transfer previously made may be canceled, with the concurrence of the Board and the parent of the student granted an Emergency Transfer. Unless canceled, a student granted an emergency transfer shall be entitled to continue to attend school in the District for the year in which the student is transferred, but must reapply for an emergency transfer on a yearly basis.

Open transfers do not have to be reapplied for on a yearly basis. The original open transfer must be submitted and approved by the deadline determined by the district to be considered an open transfer. Open transfers can be rescinded based on excessive absences, discipline referrals, or excessive money owed to the school or related organizations.

Emergency Transfer Policy Addendum: No outgoing emergency transfers will be granted after the April 1st deadline for open transfers, unless students move into the district after that deadline.

EARLY SCHOOL DISMISSAL

- A. When weather conditions are such that the roads are deemed hazardous for student transportation, school will be called off by the following by means of a **School Messenger** notification as well as notification to local radio and television stations.
- B. Parents are asked to listen to the radio and television for official word. The news will be on the air by 7:00 am and possibly the evening before if the decision not to have school has been made that early. Please refrain from calling school officials because they are busy on the phone with employees at this time.

VISITORS

- A. Parents are always welcome to visit our school at any time. Parents who desire to visit with a teacher may do so between 8:00 a.m. and 4:00 p.m. each day. Please contact the principal's office of the teacher to arrange for an appointment. The school is open to properly accredited visitors at all times.
- B. ALL visitors MUST check in at the office upon arrival. Visitors are NOT to go to the classrooms before checking in and receiving permission from the office.
- C. Students from other schools and young children are discouraged and not usually admitted as visitors..

RELEASE OF STUDENTS

Students shall only be released from school to a parent or guardian unless a parent or guardian has provided the principal with a written statement authorizing the release of the student to a third party. The principal may contact the parent or guardian to authenticate or verify the written authorization.

CLOSED CAMPUS

TimberlakeJH/HS is a closed campus from 8:10 to 3:20 unless traveling to Jet for practice during last period. Closed campus means that students cannot leave campus by car or by person unless they have been checked out by a legal guardian. Students will not be allowed to be checked out during the lunch period in order to get lunch. This applies even to those students who are 18 or older. Students should park in their assigned parking spot when they arrive each morning and should not access their vehicle unless given permission by an administrator. Violating this policy can result in disciplinary measures and even losing the privilege of driving to school. Exceptions to this policy will be made by the High School Principal only.

STUDENT DRESS

- A. No student should wear any garment which advertises or promotes any alcohol or tobacco product. No tank tops, halter tops, or crop tops may be worn as the primary garment. The shoulder strap on a student's shirt must be the width of a dollar bill and their stomach or back may not show.
- B. Garments will not be allowed which depicts or promotes immoral behavior, violent or sadistic acts, or which uses any profane messages. Garments which are sexually suggestive or have messages with dual meaning are prohibited.
- C. Timberlake students will be allowed to wear shorts to school from August until Fall Break and from Spring Break until the end of school. The shorts must be hemmed, not excessively tight and be long enough so as to avoid being disruptive to education. Students and school personnel shall not wear shorts or dresses shorter than the length of a dollar bill from the top of the patella, when measured while standing up.
- D. Students are not to wear hats, caps, du rags, bandanas or any head covering unless it is necessary and cleared through the principal's office.
- E. Shoes will have to be appropriate.
- F. Students should not wear jeans, shorts, or other purposely-frayed clothing (including pants with holes cut out) with tears, frays, or holes above the knee.
- G. No pajama or "lounges" pants
- H. Students are allowed to wear tights, as long as, the shirt worn adequately covers both the front side and backside of the student.
- I. Hoods are not allowed to be worn inside any building on campus at any time. If issues with hoods become excessive, hooded sweatshirts can and will be banned.

Failure to comply with the Student dress code will result in removal from class until the situation is corrected.

No student shall be permitted to enroll in the District unless the student presents to the school at the student's initial enrollment either:

- A. Certification from a licensed physician or authorized representative of the State Department of Public Health that such student has received, or is in the process of receiving, immunizations required by the Department of Public Health, or that such student is likely to be immune as a result of the disease. Immunizations required are:

A copy of the Certificate of Exemption will be forwarded to the Department of Public Health for review and approval.

Policy on Administering Medication to Students

If it is necessary that a medication be given during school hours the following regulations must be met:

- Prescription Medication must be ordered by a physician/dentist and permission granted for the school staff to contact the prescribing physician/dentist if necessary regarding this medication.
- Prescription medication must be brought to school in the **MOST RECENT, ORIGINAL** container with appropriate label intact. The label must have the student's name, name of medication, dosage, and time to be given. **IF MEDICATION IS NOT PROPERLY LABELED, IT WILL NOT BE GIVEN.**
- The parent/guardian will, promptly notify the school of any change in the administration of prescription medication and will provide the school with new prescription bottle and physician order. Verbal and written changes from parent/guardian **CANNOT** be accepted.
- The parent/guardian will notify the school of any physician change and obtain a new written prescription.
- All medication to be given at school must be kept in the nurse's/administration's office, regardless of age. Exceptions are made for asthma inhalers or medication for life-threatening conditions, which may be carried by a student **AFTER** the school receives the appropriate signed consent form. School personnel shall not be responsible for any adverse reaction suffered by the student as a result of self-medication.
- Non-prescription medication must be in the **ORIGINAL** container. The dosage and time will be followed according to manufacture instructions and recommendations.
- Medication cannot and will not be accepted in baggies or envelopes.
- Parent/guardian **MUST** sign the consent form, granting designated school nurse/employee permission to give the medication during school or during school-sponsored activities, according to school policy.
- For your child's safety, the parent/guardian must bring prescription/non-prescription medication to the school, rather than sending it with the student. At the end of the school year, any remaining medication must be picked up by the parent/guardian or it will be discarded by the school. The school cannot send medications home with students. The only exceptions are emergency medications such as rescue inhalers, epi-pens and insulin. These medications must have a medication consent form on file, signed by a parent/guardian and a physician, stating the student can carry the medications. It is highly suggested that you provide a back-up medication to the office.
- The parent/guardian agrees to provide medication and any particulars connected with administering medication at their own expense.

The school district retains the discretion to reject requests for administration of medication. This Policy Statement shall be provided to the parents or guardian of all students. The official certification of immunization record card ODH 218 is distributed by the Oklahoma State Department of Health. Other certification forms are accepted only if they have the type and date of immunization given. The signature of a licensed physician or authorized representative of the state or local health department is required.

Head Lice

In order to attend school, students must be free from live head lice. If the evidence of nits (eggs) is found, they must not be any closer than ¼ inch to the scalp. If a student is identified as having head lice and/or nits, the parent or guardian will be contacted to pick up the student from school. The student will not be allowed to return to school until: a) the parent or guardian submits a written statement from a health professional which states that the student is free from head lice and/or nits; and/or b) the District's nurse, health professional, or an administrator verifies that the student is free of head lice and/or nits.

Textbooks

Students shall not mark or otherwise deface textbooks lent them by the school. Students shall return the books to the school at the end of each school year in as good condition as when they received them, barring ordinary wear, tear and use. Any student who loses or damages school property shall pay for the same.

LIBRARY

- A. The library is open during regular school hours when the person in charge of the library is present. This includes time before school so that students can check books in and out. Students will also be allowed to visit the library during the school day with teacher permission should the librarian be present. Teachers have permission to take their class to the library when they deem it appropriate, but must accompany class. Each class will receive at least one scheduled 30 minute library class per week or as scheduled by the teacher and librarian. Loud and excessive talking will not be permitted and you will be asked to leave. If this is a continuous behavior, you will not be permitted in the library at these times. This same rule also applies when the librarian is not in the library.
- B. All materials **MUST** be checked out before leaving the library. All books except reference books may be checked out for a minimum of two weeks and a maximum of nine weeks. They may be renewed when the student brings the book to the library. A book may not be renewed unless the book is brought back. **NO BOOK, NO RENEWAL!**
- C. Lost and damaged books, magazines and other library materials: Students who lose library materials will be asked to pay for them. Students will also be asked to pay an amount if materials are returned in poor condition.
- D. When returning material to the library, place it in the box provided. This box is by the door. Please **DO NOT** put borrowed material back on the shelves.

- E. Fines and over dues need to be taken care of by the end of each semester or grade cards will be held.
 - F. All materials must be checked out using the library scan system. This must be done by the librarian or staff unless the student has received training and permission to utilize the scanning system.
- A. NO candy or gum is allowed in the library. Beverages are only allowed with a closing lid.
 - B. Some school supplies may be purchased in the library, such as pens, pencils, paper, etc. Ask the librarian for assistance.
 - C. Marking or tearing out portions of books or magazines, etc., greatly reduces the value of materials and is unfair to other students. Books and magazines are provided by the school for use by all students. Please leave material in good condition for everyone.

FOOD SERVICE

- A. The school lunch room is a public place where courteous manners and quiet, pleasant conversations are required.
- B. Students will enter the lunch room in a mature, orderly manner.
- C. All students dismissed for lunch, whether eating school lunch or sack lunch, snack, etc., will eat that lunch in the lunch room.
- D. Food will be eaten only in the cafeteria.
- E. Students will not be allowed to leave campus for lunch. Students will assemble at designated school sites at their particular building. When JH/HS students have finished eating they are allowed to stay seated in the cafeteria or gather directly in front of the cafeteria and administration building. Students should not access any other areas until the bell has rung or they have received permission from a teacher on duty. Students are not allowed in the school building, gymnasium, Ag classroom, or their vehicles unless permission has been given by a teacher on duty or they are accompanied by a teacher.

STUDENT MEALS:	all Breakfast_1.70	Elem Lunch_2.40	Jr/Sr High Lunch_2.65
ADULT MEALS:	Breakfast_2.20	Lunch_3.90	

Charged Meal Policy

Effective Jan 4, 2017, all student meal accounts will be required to maintain a positive balance. Once the balance reaches \$10, notice will be sent home informing you of such. Should the account reach a \$0 balance, your child will be allowed to continue eating until the end of that week, accruing the normal costs, but will not be allowed to eat school meals starting the following Monday until financial arrangements have been made with their respective school. Should paying in advance for a semester or year be an option you wish to explore, we are offering a 5% discount for those payments only. Please visit with your school secretary regarding the specifics.

In addition, we strongly encourage you to complete a Free / Reduced Meal Application form even if you feel you may not qualify. It helps the district financially and qualification is actually easier than many believe it is. Please understand that the information on these forms remains COMPLETELY confidential and if your child(ren) qualify, there is no way for other students to be able to tell.

TRANSPORTATION

Buses

The school law of the State of Oklahoma stipulates that transportation by bus may be furnished by the School District but that the district is not required to do so. Therefore, by law, it is a privilege to ride a school bus and not a right to such transportation.

The school and its drivers are concerned foremost about the health and safety of the students riding the buses. The behavior expected of students on the bus is similar to that expected in the classroom. Students who do not behave in an appropriate manner on the bus may expect disciplinary action. Students must help the bus drivers make each trip taken on the buses be as safe as possible.

- A. Buses for students will be loaded and unloaded at spots designated by the building principal.
- B. Students who ride the school buses should be careful about loading and un-loading. Always wait for the bus to stop.
- C. After a student gets on the bus, he or she is under the control of the bus driver. The driver is a school official and has the same authority over the student as the teacher.
- D. Any misconduct on the buses will be reported to the office with bus disciplinary form and disciplinary actions will be taken.
- E. Students are to be at the bus stop on time. Drivers are not required to wait on late students. The bus driver will stop at each stop on his route each morning: if no one is there, he will sound his horn and if no recognition is shown, he will drive on. It is common courtesy to notify the driver before he leaves his home if students do not intend to ride the bus.

Bus Rider Expectations

RIDING A SCHOOL BUS IS A PRIVILEGE and the privilege may be removed for not abiding by the bus rider rules.

Previous to loading students should:

1. Be on time at the designated school bus stops - keep the bus on schedule.
2. Stay off the road at all times while waiting for the bus.
3. Wait until the bus comes to a complete stop before attempting to enter.
4. Be careful in approaching bus stops.
5. Not move toward the bus at the school loading zone until the bus has been brought to a complete stop.
6. Respect people and their property while waiting on the bus.
7. Receive proper school official authorization to be discharged at places other than the regular bus stop.

While on the bus students should:

1. Keep all parts of the body inside the bus.
2. Refrain from eating and drinking on the bus.
3. Refrain from the use of any form of tobacco, alcohol or drugs.
4. Assist in keeping the bus safe and clean at all times.
5. Remember that loud talking and laughing or unnecessary confusion diverts the driver's attention and may result in a serious accident. (The life you save may be your own.)
6. Treat bus equipment as you would valuable furniture in your own home. Damage to seats, etc., must be paid for by the offender.
7. Never tamper with the bus or any of its equipment.
8. Maintain possession of books, lunches or other articles and keep the aisle clear.
9. Help look after the safety and comfort of small children.
10. Do not throw objects in or out of the bus.
11. Remain in their seats while the bus is in motion.
12. Refrain from horseplay and fighting on the school bus.
13. Be courteous to fellow students, the bus driver and the patrol officers or driver's assistants.
14. Remain quiet when approaching a railroad crossing stop.
15. Remain in the bus during road emergencies except when it may be hazardous to their safety.

After leaving the bus students should:

1. Go at least ten (10) feet in front of the bus, stop, check traffic, wait for bus driver's signal, then cross road.
2. Go home immediately, staying clear of traffic.
3. Help look after the safety and comfort of small children.

Extracurricular Trips

1. The above rules and regulations should apply to all trips under school sponsorship.
2. Sponsors should be appointed by the school officials.

Activity Trips Involving Absence of Students from Classrooms

- A. Students going on an activity trip must be eligible.

3. disrupt school operations.

Before a student can be deprived by way of suspension of the student's right to an education, the student has the right to notice of the alleged misconduct and an opportunity to respond to the allegations. The appropriate administrator shall have a conference with the student and shall provide the student with notice of the alleged misconduct and an opportunity to respond to the allegations. If the student's response does not reverse the administrator's belief that cause for suspension exists, the administrator shall provide the student, or the student's parents or guardians if the student is under 18 years of age, with written notice of the decision to suspend which shall state the length of the suspension and the right to appeal the administrator's decision as set forth below. The administrator shall keep written records of each suspension conference identifying the date of the conference, the names of the persons present, the duration of the conference, and a summary of the statements of the persons present.

When determining whether cause exists for suspension or determining the length of a suspension, the student's prior history of disciplinary infractions during the current school year may be considered, particularly when similar infractions have occurred and other forms of discipline have not deterred such behavior. The administrator shall consider and apply, if appropriate, alternative in-school placement options that are not to be considered suspension, such as placement in an alternative school setting, reassignment to another classroom, or in-school detention. Except for suspensions for possession of a firearm which may be for a period of one (1) year, no suspension shall be longer than the remainder of the current semester and the succeeding semester.

Appeal of Suspension: A short-term suspension is any suspension for ten (10) or fewer days. A long-term suspension is a suspension for more than ten (10) days. If the decision of the administrator is adverse to the student, the student shall be notified of the right to appeal the administrator's decision as follows:

Long Term Suspensions:

1. A student may appeal a long term suspension to the Board by submitting a written request for an appeal to the Superintendent within three (3) days after receipt of the administrator's decision.
2. A hearing before the Board shall be scheduled and the student or the student's parent or guardian shall be notified in writing of the date, time, and place of the hearing. The student or the student's parent or guardian shall also be notified of the right to have the hearing conducted in either an open or closed session of the Board and shall be required to advise the Superintendent at least three (3) days prior to the hearing as to which option is being chosen. The student or the student's parent or guardian shall also notify the Superintendent at least three (3) days prior to the hearing if the student is to be represented by legal counsel.
3. At the hearing before the Board, the administration will present its witnesses and evidence and the student shall have the right to cross-examine any witnesses. The Board may also ask questions of any witnesses. The student will then have an opportunity to present witnesses and evidence, subject to cross-examination by the administration. Both parties may make closing statements.
4. The Board shall then deliberate. If the hearing was conducted in executive session, the Board may excuse the parties while conducting its deliberations. If the hearing was conducted in open session, the deliberations will take place in open session.
5. If not already in open session, the Board shall then return to open session, shall make findings of fact, and shall vote to uphold, modify, or revoke the long-term suspension. The decision of the Board shall be final.
6. Pending an appeal hearing on a long-term suspension, the student may attend school subject to "in-house" restrictions. However, if the administrator who determined to suspend the student believes that the attendance of the student would be dangerous to other students, teachers, or school property or would substantially interfere with the educational process, the student may be prohibited from school pending the appeal hearing.

Effect of Suspension: Except as otherwise provided, a student who has been suspended shall not be allowed on District property. A student who is suspended shall be allowed to make-up assignments and tests given during the suspension period. When a student is suspended from school for longer than five (5) days, the administration shall develop and provide to the student and/or the student's parent or guardian an education plan which includes assignments in core unit subjects that should be completed and returned to the school on a regular basis. The student will receive full credit for all work correctly performed.

A student who is suspended for possession of a weapon or a firearm or possession of a controlled dangerous substance shall not be provided an education plan, shall not be allowed to make-up any work missed during the period of suspension, and shall not receive any credit during the suspension. The student may be referred to the alternative school.

Extra-curricular Activities: A student may not attend or participate in any school activities, including all extra-curricular functions, while

suspended from school. A suspension is effective until the next school day following the ending date of the suspension (i.e. if suspended from school through Friday, suspension is effective until next school day, Monday).

Student Searches: As allowed by law, the Superintendent, any principal, teacher, or security personnel who has reasonable suspicion shall have the authority to detain and search, or authorize the search of, any student or property of a student for dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, or missing or stolen property. In addition, any police officer in possession of a valid warrant or with probable cause may search a student or a student's locker or vehicle.

Any search of a student to be conducted by District employees shall be conducted by a person of the same sex as the student being searched and shall be witnessed by at least one other person. The extent of any search shall be reasonably related to the objective of the search and shall not be excessively intrusive in light of the age and sex of the student and the nature of the infraction. No strip searches shall be conducted by school personnel, and only cold weather outerwear shall be removed prior to or during any search.

Students are personally responsible for any items found in their lockers, desks, vehicles, book bags, back packs, or other personnel items. Students shall not have any reasonable expectation of privacy in the contents of school lockers, desks, or other District property. District personnel shall have access to lockers, desks, and other District property and shall not be required to have any reasonable suspicion to search lockers, desks, and other District property. In addition, all student vehicles in any District parking lot shall be subject to search at any time.

If a student is searched and found to be in possession of any dangerous weapons, controlled dangerous substances, intoxicating beverages, low-point beer, or missing or stolen property, such items may be taken from the student and preserved, and the student in possession of such items may be disciplined according to applicable law, District Policy, and Administrative Regulation.

In conducting any search authorized by this policy, the District may utilize trained dogs to detect prohibited items. If a dog alerts to a student's locker or vehicle or to a classroom or common area, the area may be searched. If a dog alerts to a locked student vehicle, the student shall be requested to unlock the vehicle's doors and trunk. If the student is under 18 years of age and the student refuses, the student's parent or guardian shall be notified and requested to unlock the vehicle. If the student or the student's parent or guardian refuses to unlock the vehicle, the District may contact appropriate law enforcement personnel to respond to the issue.

ACCESS TO STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- The right to inspect and review the student's educational records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the Superintendent a written request that identifies the record(s) they wish to inspect. The Superintendent will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the Superintendent, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- The right to consent to disclosure of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performance of his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses educational records without consent to officials of other school districts or post-secondary schools in which a student seeks or intends to enroll.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is Family Policy Compliance Office,

U. S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-4605.

- The right to object to the disclosure of directory information. Directory information may be disclosed without prior written consent of a parent or eligible student if the parent or eligible student has not notified the Superintendent in writing at least ten (10) days after receipt of this Notification of any or all of the items they refuse to permit the District to designate as directory information regarding the student. In addition, two federal laws require District to provide to military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the District in writing that they do not want their student's information disclosed without prior written consent.
- "Directory Information" shall include a student's name, parent's or guardian's name, address, telephone number, date and place of birth, weight and height, courses taken, major field of study, dates of attendance, grade level, degrees, honors, and awards received, most recent previous school attended, student statements, photographs, audio or videotapes depicting students and/or a student's work, and electronic mail addresses. Any parent or eligible student's objection to the release of directory information shall be appropriately designated on the student's educational records.

If the evaluation is determined to be appropriate, the parent still has the right to an independent educational evaluation, but not at public expense. The results of all independent educational evaluations must be considered in decisions regarding the free appropriate public education of a child and may be presented as evidence in due process hearings.

Timberlake School requires parents to provide prior notice to the school concerning independent educational evaluations at public expense.

Criteria for independent educational evaluations at public expense, including location and qualifications of the examiner, shall be the same as the criteria which Timberlake uses when it initiates educational evaluations. Independent educational evaluations at school expense must be provided in accordance with State standards and Federal regulations.

Independent educational evaluations at school expense must be conducted by qualified examiners. These examiners must meet OSDE approved or recognized certifications, licensing, or State Office of Personnel Management (OPM) standards to provide such professional services.

Independent educational evaluations must be conducted by persons who are not employees of Timberlake School. Timberlake School may fulfill this obligation by arranging for independent educational evaluations through other public agencies or resources or may pay for the cost of the evaluation.

ACTIVITY STUDENT DRUG TESTING POLICY

The Timberlake Board of Education in an effort to protect the health and safety of its extra- curricular activities students from illegal and/or performance-enhancing drug use and abuse, thereby setting an example for all other students of the Timberlake Public School District, proposes to adopt the following policy for drug testing of activity students.

STATEMENT OF PURPOSE AND INTENT

Although the Board of Education, administration, and staff desire that every student in the Timberlake Public School District refrain from using or possessing illegal drugs, district officials realize that their power to restrict the possession or use of illegal and performance-enhancing drugs is limited. Therefore, this policy governs only performance-enhancing and illegal drug use by students participating in certain extra-curricular activities. The sanctions: imposed for violations of this policy will be limitations solely upon limiting the opportunity of any student determined to be in violation of this policy to a student's privilege to participate in extra- curricular activities. No suspensions from school or academic sanctions will be imposed for violations of this policy. This policy supplements and complements all other policies, rules, and regulations for the Timberlake Public School District regarding possession or use of illegal drugs.

Participation in school-sponsored interscholastic extra-curricular activities at the Timberlake Public School District is a privilege. Students who participate in these activities are respected by the student body and are representing the school district and the community. Accordingly, students in extra-curricular activities carry a responsibility to themselves, their fellow students, their parents and their school

to set the highest possible examples of conduct, sportsmanship, and training, which includes avoiding the use or possession of illegal drugs.

The purposes of this policy are five-fold:

1. To educate students of the serious physical, mental, and emotional harm caused by illegal drug use.
2. To alert students with possible substance abuse problems to the potential harms that drug use poses for their physical, mental, and emotional well-being and offer them the privilege of competition as an incentive to stop using such substances.
3. Ensure that students adhere to a training program that bars the intake of illegal and performance-enhancing drugs.
4. To prevent injury, illness, and harm for students that may arise as a result from illegal and performance-enhancing drug use.
5. To offer students practices, competition, and school activities free of the effects of illegal and performance-enhancing drug use.

Illegal and performance-enhancing drug use of any kind is incompatible with the physical, mental, and emotional demands placed upon participants in extra-curricular activities and upon the positive image these students project to other students and to the community on behalf of the Timberlake Public School District. For the safety, health, and well-being of students in extra-curricular activities the Timberlake Public School District has adopted this policy for use by all participants in interscholastic extra-curricular activities in grades 9-12.

The administration may adopt regulations to implement this policy.

I. Definitions

"Activity Student" means a member of any high school Timberlake Public School District sponsored extra-curricular organization which participates in interscholastic competition. This includes any student that represents Timberlake Schools in any extra-curricular activity in interscholastic competition, such as FFA, FCCLA, Academic Team, Cheerleader, and Athletics.

"Drug Use Test" means a scientifically substantiated method to test for the presence of illegal or performance-enhancing drugs or the metabolites thereof in a person's urine.

"Random Selection Basis" means a mechanism for selecting activity students for drug testing that:

A. results in an equal probability that any activity student from a group of activity students subject to the selection mechanism will be selected, and

B. does not give the School District discretion to waive the selection of any activity student selected under the mechanism.

"Illegal Drugs" means any substance which an individual may not sell, possess, use, -distribute, or purchase under either Federal or Oklahoma law. "Illegal Drugs" includes, but is not limited to, all scheduled drugs as defined by the Oklahoma Uniform Controlled Dangerous Substance Act, all prescription drugs obtained without authorization, and all prescribed and over-the-counter drugs being used for and abusive purpose. "Illegal Drugs" shall also include alcohol.

"Performance-Enhancing Drugs" include anabolic steroids and any other natural or synthetic substance used to increase muscle mass, strength, endurance, speed, or other athletic ability. The term "Performance-Enhancing Drugs" does not include dietary or nutritional supplements such as vitamins, minerals, and proteins which can be lawfully purchased in over-the-counter transactions.

"Positive" when referring to a drug use test administered under this policy means a toxicological test result which is considered to demonstrate the presence of an illegal or performance-enhancing drug or the metabolites thereof using the standards customarily established by the testing laboratory administering the drug use test.

"Reasonable Suspicion" means a suspicion of illegal or performance-enhancing drug use based on specific observations made by coaches/administrators/sponsors of the appearance, speech, or behavior of an activity student; the reasonable inferences that are drawn from those observations; and/or information of illegal or performance-enhancing drug use by an activity student supplied to school officials by other students, staff members, or patrons.

II. Procedures

Each activity student shall be provided with a copy of the "Student Drug Testing Form" which shall be read, signed, and dated by the student or custodial guardian and coach/sponsor before such student shall be eligible to practice or participate in any extra-curricular activities. The consent requires the activity student to provide a urine sample: (a) as part of the student's annual physical or for eligibility for participation; (b) when the activity student is selected by the random selection basis to provide a urine sample; and (c) at any time when there is reasonable suspicion to test for illegal or performance-enhancing drugs. No student shall be allowed to practice or participate in any extra-curricular activities involving interscholastic competition unless the student has returned the properly signed "Student Drug Testing Consent Form."

Prior to the commencement of drug testing each year an orientation session will be held with each Activity Student to educate them of the sample collection process, privacy arrangements, drug testing procedures and other areas which may help to reassure the Activity Student and help avoid embarrassment or uncomfortable feelings about the drug testing process.

Each Activity Student shall receive a copy of the "Activity Drug Testing Policy. The head coach or sponsor shall be responsible for explaining the Policy to all prospective students, and for preparing an education presentation to acquaint the student with the harmful consequences of drug and alcohol use and abuse.

All Activity Students will be required to provide a urine sample before the student may participate in an extra-curricular activity covered under the "Activity Drug Testing Policy. A student who moves into the district after the school year begins will have to undergo a drug test before they will be eligible for participation.

Drug use testing for Activity Students will also be chosen on a random selection basis monthly from a list of all Activity Students who are involved in off-season or in-season activities. The Timberlake Public School District will determine a monthly number of student names to be drawn at random to provide a urine sample for drug use testing for illegal drugs or performance-enhancing drugs.

In addition to the drug tests required above, any Activity Student may be required at any time to submit to a test for illegal or performance-enhancing drugs, or the metabolites thereof when an administrator, coach, or sponsor has reasonable suspicion of illegal or performance-enhancing drug use by that particular student.

Any drug use tests will be administered by or at the direction of a professional laboratory chosen by the Timberlake Public School District. The professional laboratory shall be required to use scientifically validated toxicological testing methods, have detailed written specifications to assure chain of custody of the specimens, and proper laboratory control and scientific testing.

All aspects of the drug use testing program, including the taking of the specimens, will be conducted so as to safeguard the personal and privacy rights of the student to the maximum degree possible. The test specimen shall be obtained in a manner designed to minimize intrusiveness of the procedure. In particular, the specimen must be collected in a restroom or other private facility behind a closed stall. The monitor shall not observe the student while the specimen is being produced, but the monitor shall be present outside the stall to listen for the normal sounds of urination in order to guard against tampered specimens and to insure an accurate chain of custody. The monitor shall verify the normal warmth and appearance of the specimen. If at any time during the testing procedure the monitor has reason to believe or suspect that a student is tampering with the specimen, the monitor may stop the procedure and inform the principal / athletic director who will then determine if a new sample should be obtained. The monitor shall give each student a form on which the student may list any medications legally prescribed for the student he or she has taken in the preceding thirty (30) days. The parent or legal guardian shall be able to confirm the medication list submitted by their child during the twenty-four (24) hours following any drug test. The medication list shall be submitted to the lab in a sealed and confidential envelope and shall not be viewed by the district employees.

An initial positive test result will be subject to confirmation by a second and different test of the same specimen. The second test will use the gas-chromatography / mass spectrometry technique. A specimen shall not be reported positive unless the second test utilizing the gas chromatography / mass spectrometry procedure is positive for the presence of an illegal drug or the metabolites thereof. The unused portion of a specimen that tested positive shall be preserved by the laboratory for a period of six (6) months or the end of the school year, whichever is shorter. Student records will be retained until the end of the school year.

III. Confidentiality

The laboratory will notify the principal/athletic director or designee of any positive test: To keep the positive test results confidential, the principal / athletic director or designee will only notify the student, the head coach/sponsor, and the parent or custodial guardian of the student of the results. The principal / athletic director or designee will schedule a conference with the student and parent or guardian and explain the student's opportunity to submit additional information to the principal/athletic director or to the lab. The Timberlake Public School district will rely on the opinion of the laboratory which performed the test in determining whether the positive test result was produced by something other than consumption of an illegal or performance-enhancing drug.

The test results will be kept in files separate from the student's other educational records, shall be disclosed only to those school personnel who have a need to know, and will not be turned over to any law enforcement authorities.

IV. Appeal

An Activity Student who has been determined by the principal/athletic director to be in violation of this policy shall have the right to appeal the decision of the Superintendent or his/her designee(s). Such request for a review must be submitted to the Superintendent in writing within five (5) calendar days of notice of the positive test. A student requesting a review will remain eligible to participate in any extra-curricular activities until the review is completed. The Superintendent or his/her designee(s) shall then determine whether the original finding was justified. No further review of the Superintendent's decision will be provided and his/her decision shall be conclusive in all respects. Any necessary interpretation or application of this policy shall be in the sole and exclusive judgment and discretion of the Superintendent which shall be final and not appealable.

V. Consequences

Any Activity Student who tests positive in a drug test under this policy shall be subject to the following restrictions:

A. For the First Offense:

The parent/guardian will be contacted immediately and a private conference will be scheduled to present the test results to the parent/guardian. A meeting will then be set up with the student, parent/guardian, athletic director, and principal concerning the positive drug test. In order to continue participation in the activity the student and parent/guardian must, within five (5) days of the joint meeting, show proof that the student has received drug counseling from a qualified drug treatment program or by a school counselor. Additionally, the student must voluntarily submit to a second drug test to be administered within two (2) weeks in accordance with the testing provisions of this policy.

If parent/guardian and student agree to these provisions, the student will continue to participate in the activity. Should the parent/guardian and student not agree to these provisions the consequences listed in this policy for the second offense will be imposed.

B. For the Second Offense:

Suspension from participation in all activities covered under this policy for fourteen (14) calendar days and successful completion of four (4) hours of substance abuse education/counseling by a qualified drug treatment program or counseling entity. This cost, if any, will not be covered by the school district. The student may not participate in any meetings, practices, scrimmages, or competitions during this period. The student will be randomly tested monthly for the remainder of the school year. The time and date will be unknown to the student and be determined by the principal/athletic director or designee.

These restrictions and requirements shall begin immediately, consecutive in nature, unless a review appeal is filed following receipt of a positive test. Provided, however, a student who on his or her own volition informs (self-refers) the athletic director, principal, or coach/sponsor of usage before being notified to submit to a drug use test will be allowed to remain active in all activities covered under this policy. Such student will however, be considered to have committed his/her first offense under the policy, and will be required to re-test as would a student who has tested positive.

C. For the Third Offense (in the same school year):

Complete suspension from participation in all extra-curricular activities including all meetings, practices, performances, and competition for the remainder of the school year, or eighty-eight school days (1 semester) whichever is longer.

VI. Refusal to Submit to Drug Use Test

A participating student who refuses to submit to a drug test authorized under this policy, shall not be eligible to participate in any activities covered under this policy including all meetings, practices, performance, and competitions for the remainder of the school year. Additionally, such student shall not be considered for any interscholastic activity honors or awards given by the school.

Timberlake Public Schools is committed to cooperating with parents/guardians in an effort to help students avoid illegal drug use. The Timberlake Public School District believes accountability is a powerful tool to help some students avoid using drugs and that early detection and intervention can save lives.

2021-2022 Amendment to Drug Testing Policy

Must test within 30 days of 1st positive test notification. The test can be administered through the school on a normal testing visit or at an approved testing facility at the student's expense. If not tested within 30 days, the student will be suspended from all extracurricular activities for 14 days and a second positive test will be assumed.

Student has the right to refuse the school test if it occurs within the 30 day window. Refusal will require an approved lab test at the student's expense.

If the school test occurs outside the 30 day window, refusal will result in a positive test.
