Timberlake Charged Meals Policy

Effective Jan 4, 2017, all student meal accounts will be required to maintain a positive balance. Once the balance reaches \$10, notice will be sent home informing you of such. Should the account reach a \$0 balance, your child will be allowed to continue eating until the end of that week, accruing the normal costs, but will not be allowed to eat school meals starting the following Monday until financial arrangements have been made with their respective school.
