It is important that we have accurate numbers for meal delivery each day. An abundance of meals will be available on Monday and a list will be established by who receives meals that day. If you are not on the initial list but would like to receive meals at a later date, please email students' names to mblackledge@tlake.k12.ok.us. You can also email Mary if you would like to be removed.

Current meals are being provided at the cost of the district as we await word on a funding request from the state. We are confident that funding will be granted, however, the district will only be able to deliver meals beyond this week if state funding is approved.
